

At De Beauvoir Primary School we recognise the contribution of PE to the health and well-being of our pupils. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement all our children.

The government has provided additional funding of over £450 million over the last few years to improve physical education. Our Primary School Sports’ funding has enabled us to extend our broaden our curriculum offer through the provision of a range of appropriate and motivating equipment to use within P.E. lessons and recreational sessions, the provision of specialist sports coaches to lead play, lunch and extra-curricular sports / activities and to enable opportunities for competitive sports with other schools.

Purpose of the funding

Schools have to spend the sport funding on improving their provision of PE and sport, but they have the freedom to choose how they do so.
